To Whom It May Concern:

**Applicant: Mobile Expertise Limited**  
**Equipment: FCC ID: WCV-D350U1**

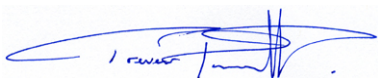

The applicant requests to have the frequency ranges of 400-440 MHz appear on the FCC Grant of Equipment Authorisation for Part 90 certification of WCV-D350U1.

The frequency range is regarded as usual & customary by United States Federal Government and its various departments, user organizations and the military. Frequency programming and related capabilities of the equipment are defined by the programming software and under control of the manufacturer, professional distributor or developer. Programming of radios to operate on approved frequencies, as requested by the customer is performed by the manufacturer and/or professional agents.

This radio transceiver will also be sold in non US markets where use of the extended frequencies may be authorised.

The applicant also requests that the grant note code "EF" be included on the Grant of Equipment Authorisation for WCV-D350U1 to indicate Extended Frequencies.

Yours faithfully
